This card is printed with Kelp® biomass ink, made from 100% renewable algae waste.

Algae is one of Earth's most abundant and efficient natural resources, capturing carbon while producing significant amounts of oxygen. Grown for uses like wastewater treatment and dietary supplements, these algae would otherwise end up in landfill. Instead, the algae biomass is transformed into Kelp® Black a rich, carbon-negative pigment.

FOX UNDER THE MOON

FX39
"It's hard to find my way through the night," said the fox. "Sometimes we have to trust ourselves to walk through darkness," replied the moon, "before we are able to see the light."

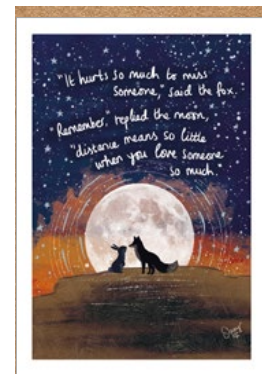

FX38
"Trust in the timing of life..." whispered the moon. "We often find the most wonderful things in the places we least expect them, and at the times we need them most."

FX37
"The stars are there to show us," said the moon, "that there is hope... even in darkness."

FX36
"What is magic?" asked the fox. "Sharing a moment with another who understands your soul," replied the moon. "When you feel it... you'll know."

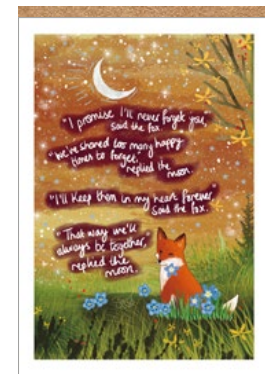

FX31
"It hurts so much to miss someone," said the fox. "Remember," replied the moon, "distance means so little when you love someone so much."

FX30
"How long does love last?" asked the fox. "Longer than a lifetime," replied the moon, "and for some it never fades."

FX33
You're stronger than you realise, you've come so very far - so when your world's in darkness, make sure you look for stars.

FX32
"I promise I'll never forget you," said the fox. "We've shared too many happy times to forget," replied the moon. "I'll keep them in my heart forever," said the fox. "That way we'll always be together," replied the moon.

FX31
"Being together," said the moon, "is all that really matters."

FX30
"Keep going," said the moon, "for even the longest journeys start with one first step."

FX29
"How do I know a true friend?" asked the fox. "Wait for darkness," replied the moon, "and see which stars still shine."

FX28
"There is a sort of magic that happens when you start to believe in yourself," said the moon, "all of a sudden, things fall right into place."

CODE JJ SIZE: 120 x 170mm / FINISH: DEBOSS / SILVER FOIL (NO. IN RANGE: 36 / BOARD: 280GSM TEXTURED / ENVELOPE: KRAFT, 125 x 175mm

FX27
"What does love feel like?" asked the fox. "Home," replied the moon.

FX26
"It's all going to be ok," said the moon, "...but until it is, it's ok not to be ok sometimes too."

FX25
Look back and see how far you've come. The mountains you have climbed - you'll get there when you're meant to. One step at a time.

FX24
"Sometimes I worry that others won't love me," said the fox. "Do you love yourself?" replied the moon, "because that's an important place to start."

FX12
We only have a little time before we'll be apart - but know that wherever you go I'll be there in your heart

FX11
One day I will be starlight, and you will still be here - but even on the longest nights, I will keep you near

FX10
Just like the stars up in the sky sparkling in the night - no matter how dark it may get Love will shine a light

FX09
However far you travel, Old friend, there'll always be - a part of me inside your heart, forever yours to keep

FX23
"Does it matter who you love?" asked fox. "Not one bit," replied the moon "Love is love... and that's the only thing that matters."

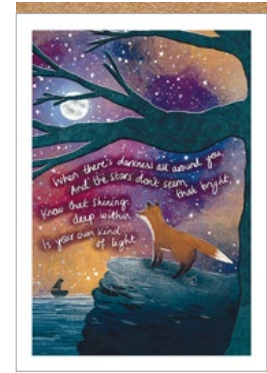

FX22
"Little changes add up," said the moon, "So be proud of yourself for every step... no matter how small it may seem."

FX21
"What is grief?" fox pondered, and the moon replied, "my friend... grief is what our love becomes, when life comes to an end." The moon was wise and gentle, and whispered from above: "The weight of loss we carry is the price we pay for love."

FX20
You may feel overwhelmed and like you can't see your way through but know that you're enough, and loved for simply being you.

FX08
When there's darkness all around you, And the stars don't seem that bright, know that shining deep within is your own kind of light

FX07
When you're lost at sea in a small and fragile boat - I'll be with you all the way, To help you stay afloat

FX06
Sometimes something magical is all you need to see, to know that there is hope in life and reasons to believe

FX05
The world is full of beauty when you take the time to see, and it's made even lovelier when you're here next to me

FX19
"Can I ask you something?" rabbit asked the moon above. "Where does all the love go, when you lose someone you love?" The moon replied to rabbit, "Even when you are apart, love can never disappear, it stays there in your heart."

FX18
"Friends make the world that little bit more wonderful just by being in it, don't they?" Said the fox.

FX17
"How can I make a difference?" asked the fox. "Be kind to others," replied the moon, "for even the smallest acts of kindness make the world a better place."

FX16
"What is life about?" asked the fox "The privilege of getting to love," replied the moon, "and being loved in return... in the end that's all that matters."

FX04
When your world's in darkness and you can't see your way through, know that there's a star above, shining just for you

FX03
"Enjoy the little moments, be grateful for each day." The moon smiled down and whispered - "It's going to be ok"

FX02
Quietly in the darkest nights, the moon and stars we'll share, for real friends know what matters most, is simply being there.

FX01
If I could wish upon a star, I'd ask to touch the moon, for up there in the sky is where I could be with you
